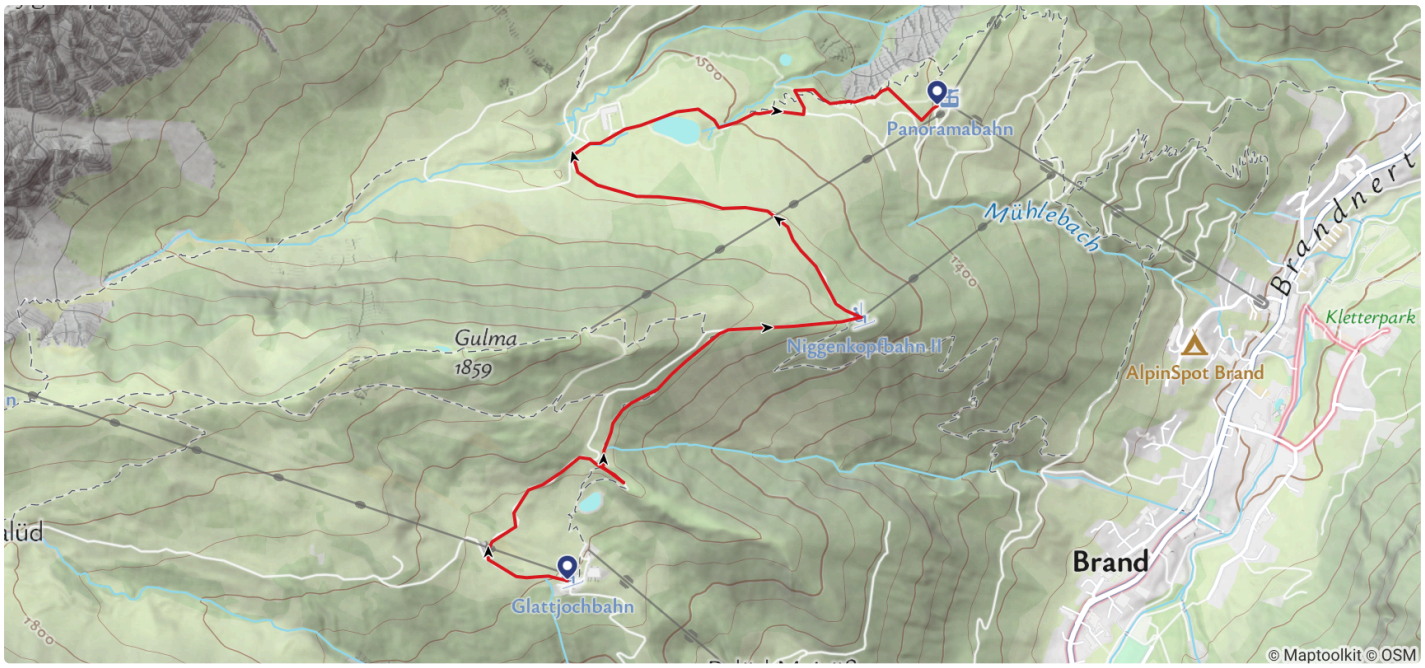
Tierwelten-Weg | Brandnertal

EASY | REFRESHMENTS | PANORAMIC | FAMILY-FRIENDLY | CABLE CAR ASCENT/DESCENT | FROM A TO B



Tour description

Learn about and discover the animal world of the Brandnertal in a playful way at interactive knowledge stations!

Albert Einstein already said: "If the bee disappears from earth, the human will only be alive for four more years. No bees, no pollination, no pollination, no plants, no plants, no more animals." Our life on earth also depends on the destiny of some animal species. To put the meaning of the animals in focus - there are some animal species to explore at "Tierwelten"!

Have you ever imagined slipping into a **marmot's burrow**? And do you know how old a **queen bee** actually gets? On the Animal Worlds Trail you can learn more about the world of animals in Brandnertal.

The trail starts with the ascent on the Palüdbahn cable car. From there, the easy hiking trail leads up towards the Palüdhütte and before there on to the Niggenkopf. At Niggenkopf downhill to the Inner Parpfienzalpe and on to the mountain station of the Dorfbahn cable car. The Dorfbahn cable car takes you back down into the valley. The trail can be walked in both directions. You can get back to the car park with public bus line 580.

Tip: Keep your eyes open. You may discover one or two animals in the wild.
