Die Ananasfabrik der Vorarlberger

🕒 Wednesday 19:00 o'clock

Information and crowdfunding event for the joint purchase of a pineapple factory.

Description

Two years ago, the Brazer company TWIGA SUN FRUITS equipped the dried fruit factory in Kangulumira (Uganda) with a lot of Vorarlberg know-how, local craftsmen, and the latest technology.

Now the next logical step is at hand. The property along with the building could also be acquired now. The company wants to take this opportunity to ensure a secure existence for the organic farmers who supply the pineapples in the long term.

Be part of it. Join in the pineapple factory of the Vorarlbergers. Dried, fair organic pineapples from Uganda.
