The pension offers everything what one needs for a short vacation. Quiet location, beautiful landscape and the proximity to the gondola station!

Detailed description

Our rustic mountain inn is nestled in the Tschengla hiking area in Bürserberg – just 15 minutes from the village center and yet wonderfully peaceful. Whether you arrive on foot, by bike or by car: it's always worth the trip.

In summer, you can look forward to breathtaking views, mysterious stone circles, a guided tour of the Alpe Rona with a glimpse into fresh cheese production, Kneipp water therapy, and even a go at archery with a crossbow. And afterwards? We'll treat you to culinary delights – with fine dishes from kitchen and cellar, regional specialties, and atmospheric barbecue evenings on our sunny terrace.

Winter is just as inviting: located right by the cross-country ski trail and close to the ski area, our inn is a perfect starting point for winter hikes and snowshoe tours. After your adventures, warm up in our cozy dining room with hearty mountain classics and feel-good food – the ideal way to end a winter's day.
