

organic farm Sonntag

STORES/SHOPS

📍 Reutele 14, 6731 Sonntag

The organic farm Bischof has been run by the third generation since 2004. It is beautifully situated with a panoramic view of the village of Sonntag.

A few years ago, the farm switched from organic dairy cow husbandry to organic goat breeding. Delicacies are produced with enthusiasm and love for our animals.

An additional service of the farm is the maintenance of the landscape and green areas.

Also in production:

organic goat "Landjäger" sausage

organic goat "Kaminwurz" sausage

organic geat meat
